

Professional printers can face any number of risks, from loss of artwork and rectification costs, to loss of stock and computer and machinery breakdown costs.

At Robison & Co, we have developed flexible, competitive print insurance solutions that provide cover designed to meet the needs of your business. Our print insurance experts will help you identify your specific areas of risk, then tailor an insurance package that will protect your business, employees and assets.

As your business and risk evolve we will review your cover so that it continues to provide you with complete peace of mind.

## The Robison Difference: Challenging Convention. Keeping Insurance Simple

INSURANCE BROKERS

  
**Robison**  
Challenging Convention

### Every business needs insurance, but policies saturated with small-print can be a minefield to navigate.

This is why selecting the right broker to act on your behalf is essential to minimising your risk and protecting what you have built.

You need trusted, intelligent advisors who understand your sector and can provide professional, perceptive guidance in straightforward, easy to understand terms. You need people who make the process of buying insurance simple, whilst providing peace of mind that you, your business and your people are adequately protected.

What's more, as your business evolves, you need your insurance cover to evolve with you. Policies which offered satisfactory protection in the past may now leave you exposed, creating areas of risk which could easily be avoided by talking to our highly-trained experts.

**Established in 1982, we are an independent, owner-managed business, with a focus on exceeding customer expectation and engendering trust. Our reputation has been built on providing bespoke advice and exceptional service which delivers comprehensive coverage, value for money, and customer confidence.**

Not only will we identify the right coverage for your operational requirements, but should you need to make a claim, we will guide you through the process and keep your interests paramount at all times.

### In short, we make insurance simple.

Why not let us concentrate on minimising your risk, so you can concentrate on running your business?
